**EARLY LEARNING
SUPPORT SERVICE**

**SUPPORTING PARENTS TO
ENJOY THEIR CHILD'S EARLY
LEARNING & DEVELOPMENT**

THE AIM OF EARLY LEARNING SUPPORT...

Koala North West understands that parents can face many difficulties and challenges when it comes to engaging in their child's early learning. We know that everyone needs a little bit of help sometimes so Koala NW provides a home learning service that helps families to overcome barriers to support their child's early learning and development; helping parents to become confident and knowledgeable about their child's development so they can give their child the best possible start in life. Koala NW focuses on supporting parents in their child's early learning and development, getting them to lay those foundations that last a lifetime and enable their child to reach their full potential.

FAMILY FEEDBACK...

"I struggled to play properly with my child so my coordinator showed me that I had the skills and confidence to play with my child properly. As a result, we enjoy our time together and we really engage and connect with each other, which has improved his communication skills. I am so grateful for the support and it was nice to have someone talk to about my concerns, someone with good knowledge. It is nice to know that we are doing a good job with our son."

WHAT WE OFFER...
